In the Day's News

Moderic Martin, who today will be formally installed for his fourth term as mayor of Montreal has established something of a record for long service among the chief executives of large cities of the Dominion. Mr. Martin was born at St. Eustache, Quebec in 1869, and received his education in the collegiate institution of his native place. For many years he was engaged in business in Montreal as a cigar manufacturer. At the same time he took an active interest in politics and in 1896 he began his public career as a member of the House of Commons to which body he was several times re-elected. Prior to his first election to the majority of Montreal he had served the municipality as a member of the board of aldermen. In politics Mayor Martin is identified with the Liberal party.

TO BE HUMAN

Why allow the gentler sex to preempt all the finer emotions?

A man is a man's man when he has the strength of character to occasionally weep for the troubles of others. He is a real man only if he gets extreme pleasure in spending hard-earned money to help bring a little pleasure into the life of someone else.

CHRISTMAS SEALS.

Money to be used to Fight Tuberculosis in State and Nation.

This is the cut of the Christmas Seal to be used this fall to raise money to fight tuberculosis. The plan of raising money for anti tuberculosis work by means of selling a one cent Christmas Seal was first tried fourteen years ago by the American Red Cross. At that time about 300,000 seals were sold which meant a contribution of three thousand dollars. From this small beginning the sale of seals have increased each year until in 1920 over 384 million seals were sold which meant over \$3,840,000 for tuberculosis work.

Two years ago the American Red Cross relinquished the sale of the Christmas Seals to the National Tuberculosis Association and its affiliated associations in every state in the union. As a result the seals are not designated as formerly Red Cross Seals but merely Christmas Seals, the proceeds however are used for the same purpose as formerly.

In Vermont the seal sale is in charge of the Vermont Tuberculosis Association and all but five percent of the net receipts, which is sent to the National Tuberculosis Association is used in Vermont.

The sale has been conducted largely by school children under the supervision of teachers, women's clubs and other interested persons. Last year a little over eight thousand dollars was raised in Vermont by the sale of the Christmas Seals. This year the association will endeavor to raise ten thousand dollars. The proceeds will be used for the children at the Proctorium, the expenses of the Mod-

MOTHER! OPEN CHILD'S BOWELS WITH CALIFORNIA FIG SYRUP

Your little one will love the "fruity" taste of "California Fig Syrup" even if constipated, bilious, irritable, feverish, or full of cold. A teaspoonful never fails to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the sour bile and undigested food out of the bowels and you have a well, playful child again.
Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.
